Addendum No. 2 to IFB 15-31

The City is issuing this addendum to IFB 15-31, Catch Basin Cleaning:

- All material derived from the Catch basins must be stored and staged at a designated area within the City of Somerville City Limits. The site of staging will be determined by the Commissioner of the Department of Public Works (DPW). The vendor is responsible for all services from the cleaning to the hauling of materials. The City of Somerville will not load any materials. Vendors will be responsible to have their own contractor load and remove materials from the staging area

Please be sure to acknowledge the addendum(s) on the Bid Pricing Sheet
